

**LOCAL BUSINESS
DIRECTORY**

**FEATURING KEMPTON
AND THE
SURROUNDING AREAS**

KDL

Hello!

I live in Kempton and I love our numerous local businesses. As the wife of a business owner, I know how important it is to support these small establishments. I often find myself recommending one or another local place, and thought it might be nice to compile a “directory” of sorts where it’s easier to find information.

Many of these businesses can be found in Kempton, but I have also included others throughout the area. There are a few that cannot be considered local, but that I personally really like, so I’ve decided to list them anyway. This is by no means an exhaustive list– we are fortunate to be surrounded by many enterprising people!

I have sorted the businesses into five categories– accommodations, entertainment, organizations, services, and retail, and I apologize for any omissions or errors. I hope you find this directory useful!

-Katrina Long

Please note: this list is informational only– I don’t have personal experience with every business listed. Please verify business credentials (check with them if they are licensed, insured, etc.) before you hire.

To be added to the directory, please send a Facebook message to T&J Specialized Transport -or- Katrina’s Kempton. This directory can be viewed and downloaded at tjspecializedtransport.com/Community/
